

CYBERSPACE AS A NEW DOMAIN FOR BORDER SECURITY AND MANAGEMENT

ISTANBUL 07.12.2023

PRESENTATION FOCUS:

- MIGRATION, BORDER SECURITY AND CYBERSPACE
- PROTECTION OF CRITICAL INFRASTRUCTURE AND BORDER MANAGEMENT
- NEW TECHNOLOGIES – FUTURE OF BORDER SECURITY IN CYBERSPACE
- INTERNATIONAL COOPERATION

MIGRATION, BORDER SECURITY, AND MISUSE OF CYBERSPACE

- Technology use in recruitment
- Recruitment for labor exploitation
- Technology-enabled transportation and logistics
- Digital control, surveillance, and threat during the exploitation phase
- Digital violence after exploitation
- Livestreaming adult sufferers as a trend

CYBERCRIME and MIGRANT SMUGGLING

- **PEOPLE AS A COMMODITY:**

- **MIGRANT SMUGGLING MAY ENTAIL LAND, SEA, OR AIR TRANSPORTATION AND OFTEN INVOLVES THE USE OF FRAUDULENT DOCUMENTS, INCLUDING IDENTITY DOCUMENTS OR FRAUDULENT VISAS.**
- **SOPHISTICATED DIGITAL TECHNOLOGIES AND THE WIDESPREAD USE OF SOCIAL MEDIA AND ENCRYPTED COMMUNICATIONS ARE CREATING OPPORTUNITIES FOR MIGRANT SMUGGLERS TO PROPAGATE THEIR SERVICES, TO COORDINATE WITH EACH OTHER AND RECRUIT VICTIMS, ELUDING LAW ENFORCEMENT DETECTION.**
- **THE USE OF CRYPTOCURRENCIES BY SMUGGLING NETWORKS HAS BEEN RECENTLY REPORTED AND MAY INCREASE IN THE FORESEEABLE FUTURE.**

CYBERCRIME and MIGRANT SMUGGLING

The people smugglers describe themselves as putting "trust before profit". Cover photo - a photo at the top of the page - is of a passport and boarding card.

SMUGGLERS ARE POSTING ROUTES INTO EUROPE OPENLY ON SOCIAL MEDIA.

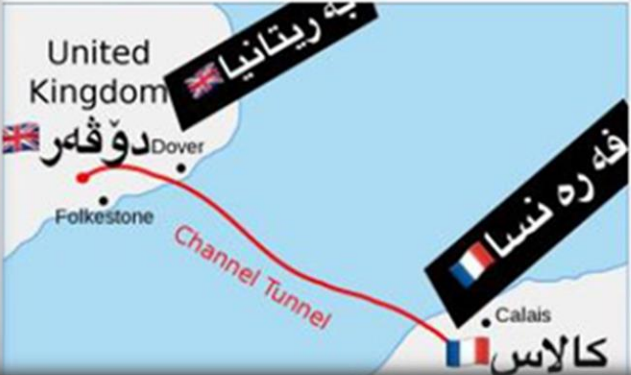

Hello dear brothers.
Those who are coming out of the new UK is not growing up and it has become very difficult.
The first thing in Britain was not easy before.
Believe it, it is just like before.
It is possible that it has been said that we will tighten the boundaries, but until now it is just a word, people are getting more and more.
For your information, I don't talk from myself.
Yesterday, some of my relatives arrived in UK by water, they were welcomed by the police.
Very respectful and friendly human beings.

The map shows the Channel Tunnel connecting the United Kingdom and France. Key locations marked include Dover (دۆقەر) and Folkestone in the UK, and Calais (کالاس) in France. The tunnel is labeled 'Channel Tunnel'. There are also labels for 'به ریتانیا' (to Britain) and 'قەرەنسسا' (France).

SMUGGLERS ON THE PLATFORMS ARE USING PHOTOS OF LANDMARKS TO HELP CATCH PEOPLE'S ATTENTION.

فیزەهی گەشتیاری بۆ ولاتی فەرەنسسا
ستیکەری ئەصلی بۆ سەر
جەوازی عێراقی

به گرنتی 100%
ماوهیهکی کهم
نرخیکی گونجاو!!
بۆ ماوهیهکی کاتی

بۆ زانیاری زیاتر په یوهندی بکه

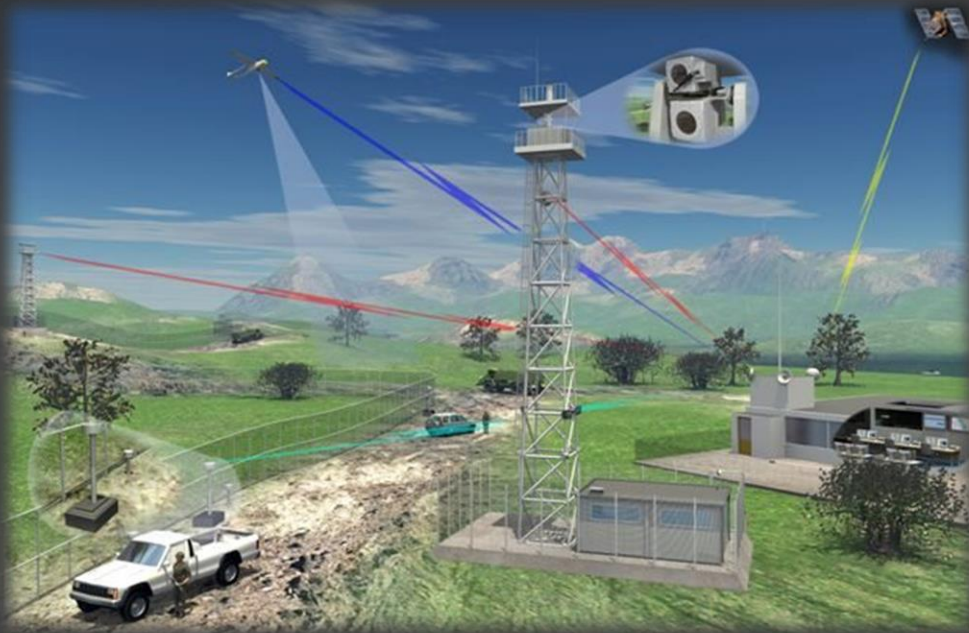

HELLO

The image shows a vertical stack of text boxes on a black background. The top box contains the text 'فیزەهی گەشتیاری بۆ ولاتی فەرەنسسا' (Travel agency for France). The second box says 'ستیکەری ئەصلی بۆ سەر' (Original tickets for) and 'جەوازی عێراقی' (Iraqi). The third box features a photo of the Eiffel Tower with text 'به گرنتی 100%' (100% guarantee), 'ماوهیهکی کهم' (short duration), 'نرخیکی گونجاو!!' (reasonable price!!), and 'بۆ ماوهیهکی کاتی' (for a short time). The fourth box says 'بۆ زانیاری زیاتر په یوهندی بکه' (For more information, contact us). At the bottom, there is a 'HELLO' logo with a hand icon.

TERRORGRAM

ATTACK IS SOMETHING DONE IN HATE.

-  **ATTACK, SABOTAGE,**
-  **VIOLENCE, AND BRUTALITY**
-  **ALL DEFINE ACCELERATION;**

THEY ARE THINGS DONE IN HATE AND THEY WILL EXPOSE AND BURN OUR ENEMIES OUT FAR GREATER THAN MERELY BEING READY AND HOPEFUL FOR COLLAPSE.

THE HARD RESET

A TERRORGRAM PRODUCTION

TRAINS AND TRACKS

PAGE 3

EDUCATOR —

Some guy was telling me quick dry cement is EXTREMELY effective for derailing trains.

TRACKS, CONTINUED:

DONE ALL AT THE SAME TIME OR IN ACCORDANCE WITH DIGGING UP THE RAILS AND TIES, THE SABOTEUR CAN BE SURE HE OR SHE HAS ENSURED DESTRUCTION. A FISH PLATE AND SPIKE ARE PICTURED BELOW.

NOTE THAT THE FISHPLATES ARE SOMETIMES WELDED TO THE TRACKS.

BLOCKING

BLOCKADES CAN BE CONSTRUCTED UPON TRACKS, PREVENTING TRAINS FROM SAFELY MOVING THROUGH THEM. HEAVY METAL BARS OR EXTRUSIONS CAN BE LAID ACROSS THE TRACKS, RAIL TO RAIL FOR A LESS DETECTABLE BUT EQUALLY EFFECTIVE SABOTAGE.

TRACKS IS ANOTHER TECHNIQUE WHICH CAN BE EMPLOYED, LEADING TO THE TRAIN BEING DERAILED, OR COMPLETELY BOUND UP IN CABLE.

PROCEDURES (TRAINS):

TRAINS THEMSELVES ARE NOT DISCLOSED FROM SABOTAGE.

THE BRAKES OF TRAINS SHOULD BE CONSIDERED MORE THAN ANY OTHER PORTION OF THE TRAIN. MOST TRAINS EITHER USE AIR BRAKES, OR PNEUMATIC BRAKES.

CELL TOWERS

PAGE 2

CONSIDERATIONS CONT:

ANY ACTION AT THE SCENE WILL RESULT IN AUTHORITIES DOING DEEP SEARCHES OF THE AREA FOR PRINTS, DNA, AND ANY OTHER EVIDENCE YOU MAY LEAVE BY ACCIDENT. ENSURE ALL OF YOUR TOOLS HAVE BEEN CLEANED AND HAVE HAD ANY PRINTS ON THEM REMOVED BEFORE YOU BEGIN SABOTAGE IN THE EVENT THAT A TOOL IS DROPPED OR LEFT BEHIND.

TRY TO ENSURE THAT ALL TOOLS HAVE A PROPER PLACE IN YOUR KIT, SOMEWHERE TO PUT THEM BACK WHEN YOU'RE DONE USING THEM.

IF YOU HAVE KIT WHICH YOU'RE WEARING (LIKE A HEADLAMP, OR ANY BELT-MOUNTED KIT) ENSURE THAT IT HAS STRONG RETENTION AND CANNOT FALL OFF YOU IN THE CASE YOU NEED TO FLEE IN A HURRY.

IF OPERATING AT NIGHT, RED LIGHT IS IDEAL FOR TWO REASONS:
- RED LIGHT DOESN'T HURT YOUR NATURAL NIGHT VISION AS MUCH, ALLOWING YOU TO TURN IT OFF BUT STILL SEE WELL IN THE DARK.
- RED LIGHT DOESN'T TRAVEL AS FAR, MAKING IT HARDER TO DETECT FROM A DISTANCE.

TAKE AGAINST A CELL TOWER.

A WINDY OR RAINY NIGHT SHOULD DETERMINE YOUR METHODOLOGY AS WELL, WITH FIRE LEADING TO YOUR EFFORTS BEING FOR NOTHING. BUT ON A STORMY NIGHT, YOU WOULD HAVE GREATER COVERAGE IF YOU CHOOSE TO SHOOT AT THE TOWER.

PRACTICE EXTREME CAUTION AGAINST YOUR OWN INJURY OR DEATH IN THE EVENT YOU CHOOSE TO CLIMB OR BURN THE TOWER.

PROCEDURE (FINDING):
THE SABOTEUR CAN EASILY FIND 5G TOWERS BY USING A CELLULAR MAPPING SERVICE SUCH AS WEBSITES CELLMAPPER, OPENSIGNAL, ANTENNESEARCH, CELLRECEPTION, SCADACORE, OR BY JUST KNOWING ONE'S OWN AREA AND MAKING NOTE OF TOWERS WHEN ONE SEES THEM.

THE TOWER'S LOCATION AND SURROUNDINGS CAN BE SAFELY VERIFIED USING ONLINE MAP SERVICES AND IN

WHEN VERIFYING A TOWER, USE SATELLITE VIEW TO VERIFY IT'S LOCATION, AND THEN STREET VIEW. IF YOU'RE HAVING TROUBLE SEEING THE TOWER, CHANGE THE DATE TO THE WINTER OR AUTUMN MONTHS IN STREET VIEW SO THERE ARE NO LONGER LEAVES ON THE TREES OBSCURING YOUR VIEW.

TOWERS ARE OFTEN PLACED AROUND PUBLIC PARKS, HOSPITALS, SCHOOLS, GOVERNMENT BUILDINGS, AND OTHER CROWDED PLACES.

PROCEDURE (SHOOTING):
THE FIRST STEP FOR THE SABOTEUR TO SHOOT AT THE TOWER IS TO KNOW WHAT RANGE HE IS CAPABLE OF SHOOTING AT. FOR EXAMPLE, IF THE SHOOTER IS CAPABLE OF SHOOTING SUPPRESSED .22LR AT 200 YARDS

DIRTY BOMBS ARE THE HOLY GRAIL OF TERRORISM.

No one's pulled it off yet, but a French madlad came very close in 2021. In case you missed or memory holed the story, a 26 year old White extremist manufactured 4 "mini nukes" using uranium oxide powder he bought on eBay. Nothing went wrong during the manufacturing process. He didn't make himself sick with radiation poisoning. The bombs were ready to detonate. What went wrong?

He couldn't keep his mouth shut. prowess at school led concerned police, who discovered the device

If you're curious, YES - uranium online. And YES - with basic pre could easily incorporate a radio conventional bomb or incendiary won't kill most of your targets, thousands. And if detonated in a center - think NY, LA or DC - yo gears to a screeching halt.

FUMIGATE THE CITIES

143

1. Obtain uranium ore

2. Crush with hammer

3. Weigh out 300g

You could wreak havoc and cause destruction far beyond your blast radius. Such an attack would terrorize urbanites and cripple the System like nothing else. Imagine an entire metropolis forced to evacuate without a moment's notice. Imagine a vital epicenter of commerce and industry depopulated, out of commission for weeks or months until radioactive decontamination and cleanup is completed. Imagine the lost revenue, lost productivity, and astronomical financial burden the System would be forced to bear. Imagine the paralyzing fear instilled in the public, too afraid to return home even after the System assures them it's safe.

EXPECTED – DIGITALIZATION OF THE WORD

- PROCESSING AND ANALYZING LARGE AMOUNTS OF DATA
- THE USE OF QUANTUM COMPUTERS FOR BIG DATA PROCESSING AND ANALYSIS
- THE USE OF ARTIFICIAL INTELLIGENCE IN TOOLS TO MAKE PEOPLE'S JOBS EASIER
- THE HIGH SPEED OF DEVELOPMENT OF NEW TECHNOLOGIES IS IN DIRECT PROPORTION TO THE SPEED AT WHICH SOCIETY BEGINS TO CONSUME LARGE AMOUNTS OF INFORMATION AND IS UNABLE TO PROCESS AND EVALUATE IT IN SUCH A SHORT TIME

THE FUTURE – STRONG INTERNATIONAL COOPERATION
